ABOUT WEBINAR

The greatest of the games or festivals of ancient Greece, held every four years in the plain of Olympia in Elis, in honor of Zeus. Today, this is the biggest platform that billion global eyes observe the best artists. Since the word environment is added to sports and culture as a theme of the Games, the Olympics have provided an opportunity for people to consider the global environment. In these games, the excitement and emotions generated by the athletes, together with the environmental themes, will unite the whole people across the world.

Under the supreme authority of the IOC, 206 current NOCs (National Olympic Committees), representing five continents within the Olympic Movement. The Olympic Movement is the concerted effort, united, organized, universal, and permanent action of all individuals and entities who are inspired by the values of Olympism. The goal of the Olympic Movement is to contribute to building a peaceful and better world by educating youth through sport practiced in accordance with Olympism and its values. The mission of the NOCs is to develop, promote and protect the Olympic Movement in their respective countries, in accordance with the Olympic Charter.

The primary aim of the Webinar is to organize a platform for all the educationists and sportsmen to share the thought-provoking ideas, knowledge, and immense experiences regarding the sports and games movement abiding by the principles of Olympism with the imminent experts.
