Rationale

The rationale of organizing the workshop is to strengthen Physical Education (PE) and other social science fraternity working at different academic institutions of higher education located in the country. Physical Education Foundation of India (PEFI) believes that in the current tech-savvy world, capacity building and its enhancement have become the key to "Survival of the Fittest" especially in academics where developments have become more dynamic than hitherto. A researcher has to be well-equipped and must have command over this integral organ of the academics because in the academic world the output from the "Research and Development" is the only way to demonstrate one's potential to society. Physical Education (PE) is the essence of several disciplines and in order to make perfect our workforce, PEFI is organizing this workshop to strengthen the analytical skills of PE and other social sciences scholars.

Objective

The basic objective of this event is to have interaction regarding various dimensions of social science research and especially its methodology part focusing primarily on "Publishing papers in Indexed Journals". It is also envisaged to provide an orientation with relation to the use of important statistical methods in analyzing both qualitative and quantitative data. Specifically, this event aims to address the following objectives:-

- 1. To prepare notable scholars in the field of PE and other streams of social sciences.
- 2. Align local research with international standards.
- 3. Showcase of action research at the grassroots level to the whole world.
- 4. Professional development with research.
- 5. Progression of scientific knowledge in the PE and Social science researchers.

Who should participate?

The objectives of the event highlight and intend to enhance the professional (research as well as publication) skills among the budding and early career researcher's/faculty members of varied disciplines of social sciences. Therefore, avid researchers from different backgrounds should feel encouraged to apply before July 20, 2021.

About the PEFI

Physical Education Foundation of India is one of the apex organizations working for development and awareness of physical education and sports in India. PEFI has been formed by the group of the country's top physical education teachers, sports professionals and officials of the country. Since its inception, PEFI has been continuously striving for excellence in the field of physical education and sports by creating equal opportunities, developing sports infrastructure for all sections and by creating awareness for the importance of physical education and sports. Our focus has been to create sporting opportunities for the country's youth with an aim to develop positive skills, leadership qualities, competitive attitude and teamwork. Moreover, we also envision to provide a platform for youth who wish to take up physical education and sports as their career path.

Our team has also done some outstanding work during the last decade for upliftment of the profession of Physical Education & Competitive Sports and also dealt with all kinds of problems of the profession as well as problems of physical education teachers in the country.

Based on its (PEFI's) contribution to the development of sporting culture in the education sector - schools, colleges and universities in the country, Ministry of Youth Affairs and Sports have recognized Physical Education Foundation of India (PEFI) as National Sports Promotion Organization for our continuous efforts.
