ABOUT THE CONFERENCE

An International Conference on Exploring the role of education in achieving sustainable development goals and creating holistic educational environment, this event conceptualized by Susana Methodist Girl's B.Ed Collège. Civil Lines Roorkee. Uttarakhand, in collaboration with the Physical Education Foundation of India (PEFI).

This conference, scheduled to be held from 12 & 13 July, 2024. The conference will be hosted at the esteemed Susana Methodist Girl's B.Ed College, providing a platform for educators students, researchers, and practitioners to converge and deliberate on the transformative role of nutrition education in achieving sustainable development goals, particularly within the educational landscape

OBJECTIVES OF THE CONFERENCE

- To facilitate knowledge exchange and best practices related to integrating nutrition education into sustainable development goals within the educational landscape.
- To Enhance Professional Development to empower professionals with necessary skills and resources to effectively integrate sustainability principles.
- Highlights cutting-edge research and innovative approaches as scholars and practitioners present their latest findings and discoveries in the field of nutritional health, mental health and sustainable development.
- To Cultivate a culture of lifelong learning.

SUB-THEMES OF THE CONFERENCE

- **Integrating Sustainability Education.** Examining strategies to incorporate sustainable development goals into educational curricula across various disciplines.
- **Promoting Global Citizenship:** Exploring how education can foster values of global citizenship, social justice, and cultural understanding to address sustainability challenges.
- **Empowering Educators:** Providing professional development opportunities for educators to enhance their capacity to integrate sustainability principles into teaching practices.
- **Innovative Teaching Methods:** Investigating innovative pedagogical approaches that promote critical thinking, problem-solving, and collaboration in the context of sustainable development.
- **Role of Physical Education & Nutrition Education:** Explore the symbiotic relationship between physical education and nutrition education in fostering healthier lifestyles among students.
- **Environmental Education:** Highlighting the importance of environmental education in creating awareness about ecological issues and fostering responsible stewardship of natural resources.
- **Community Engagement in Education:** Examining the role of community partnerships and service-learning initiatives in promoting sustainable development and experiential learning.
- **Technology and Education for Sustainability:** Exploring the potential of technology-enhanced learning tools and digital platforms to support education for sustainable development and create engaging learning environments.
